DEDICATION

The Senior Class of 1966, Hesston High School, dedicates this Swather yearbook to Mr. C. Nevin Miller, who has taught and guided us through four years of high school as our English teacher and class sponsor. We will never forget the ideas and inspirations he has given us as well as the jokes and witty remarks we were sure to hear in his classes. What, will this dedication "stretch on to the crack of doom?"

Mr. Miller--thanks a lot.

FOREWORD

The making of this yearbook involved many things. Although we don't claim too many evenings past midnight, many hours have been spent over the pages of this book. At night, sweat and frustration mixed with Don's orange drink as pictures were sorted, stamped and copy sheets prepared. Deadlines came and came and came. Students posed willingly in group shots and unknowingly at other times for photographs. We have tried to capture the flavor of Hesston High School, realizing though, that alive people are really the spirit of a school.
